2015 Summer Nights on Main!

Red River is pleased to sponsor the July 23, 2015 “Summer Nights on Main” concert series produced by the Williston Downtowners Association. Several hundred Willistonians attended the event despite the threat of inclement weather and were able to rock into the night with the smooth sounds of a local favorite band, Whiskey Rebellion.

Tavish Vestal, President of Red River Oilfield Services, Inc. commented “This is another opportunity for Red River to give back to our community. For 38 years Red River has been a generator of employment and economic vitality for Williston, ND delivering thousands of direct jobs, tens of thousands of indirect and induced jobs that not only promote living wages for families, but also contribute a significant amount of tax revenues that fund essential services through our state and local governments”.

Red River appreciates all of the staff volunteers that helped to put this event on is looking forward to an even bigger event showing for next year!
